Headteacher: Mrs Helen Hepworth

15-10-18

Autumn Term News!

What a busy half term we've had. It's just flown by! Our new Reception children aren't new any more. They've made so many friends and we are all very proud of them.

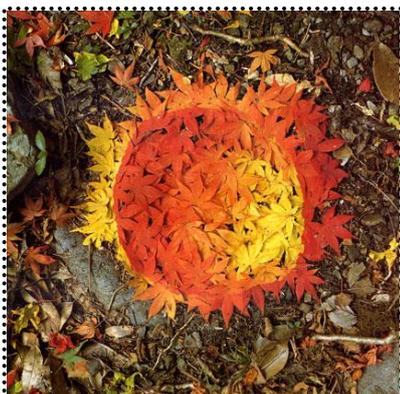

We interviewed for our new teacher on Friday and are pleased to welcome Mrs Glover to our team. Mrs Glover has been teaching in school since September, covering for Miss Barrett who left us in July. Mrs Glover will continue teaching English and Maths in Years 2, 3 and 4 alongside Mrs Anderson. She will also teach science and music across school.

On Thursday our football team competed in a tournament at Newton Rigg. Coach Barry (Isabelle's dad and school governor) took our football club team, accompanied by Mrs Wylie and Caroline (Jamie's nana). The team played really well and we congratulate them on their success.

Yesterday I took our netball team to QEGS to play in a tournament. We've been practising hard and all children in Years 2 to 6 have been having netball coaching from Eleanor from the Eden Valley School Sports Partnership of which we are a member. We did a brilliant job, winning our group and getting through to the final. Well done to all our brilliant players!

Today Years 2 to 6 went to Rheghed for The Big Sing. They were accompanied by Mrs Gill, Mrs Glover and Mrs Wylie.

Children in Year 5 and 6 have all created their own cartoon characters and comic strip for the International Cartoon Festival in Kendal. Their characters are super heros who are working to achieve aspects of the 2018 Global Goals. They are on display in shop windows in Kendal until the end of the month. Look out for them if you visit Kendal. They are on the school website too and will be on display in the Top Room in November.

Children in Year 1 have been busy designing and making their own toys. They are all busy making them at the moment. Look out for the display in the Big Classroom.

Children in Years 5 and 6 have been designing and making their own appetising bread products in Design and Technology with Mrs H. This included researching breads from around the world, learning how to make bread and how it fits into a balanced diet. Children then researched and designed their own bread, considering target groups, cost, ingredients, packaging and labelling. They worked on all of this independently and last week we had a great bake up when everyone made their own bread! It was busy and fun and it smelled delicious. Unfortunately we didn't get to taste them as the children took them home to share with their families. Have a look in the hall for the photographs of their creations.

On Thursday Year 5 and 6 will be visiting Thursday club in the Old School Hall. We will sing and dance for them and then show them some of our learning from school. They have invited us to afternoon tea so we are all very excited.
